JESUS DRIVEN FROM NAZARETH

LESSON TEXT—Luke 4:16-30.
GOLDEN TEXT—"He hath anointed me to preach the gospel."—Luke 4:18.
PRIMARY TOPIC—Jesus Visits His Home Town.
JUNIOR TOPIC—Jesus Faces a Mob.
INTERMEDIATE AND SENIOR TOPIC—Jesus Explains His Mission.
YOUNG PEOPLE AND ADULT TOPIC—The Mission of Christianity.

I. Jesus in the Synagogue (v. 16).

On the Sabbath day He went into the synagogue according to His custom. He no doubt went that day with a new and definite purpose, but it is refreshing to know that it was according to His habit.

II. Jesus Reading the Scriptures (vv. 17-19).

1. The Book Handed to Him (v. 17). It was not only His custom to attend the place of worship but to take a part in it. This privilege was not confined to the rulers (Acts 13:15).

2. The Passage Read (Isaiah 61:1, 2). Most likely this passage was chosen by Him with a specific purpose.

3. The Content of the Passage (vv. 18, 19).

(1) The mission of the Messiah (v. 18). It was:

(a) To preach the gospel to the poor. The good tidings which Jesus proclaimed are peculiarly welcome to the common people.

(b) To heal the broken-hearted. The gospel of Christ peculiarly meets the needs of those whose hearts are crushed by the weight of their own sins or by the burden of sorrow and disappointment.

(c) To preach deliverance to the captives. The gospel of Christ does actually set man free from the slavery of sin (John 8:36).

(d) Recovering of sight to the blind. Christ did actually make those who were physically blind to see (John 9:6, 7) and also opened the eyes of those who were spiritually blind (1 John 5:20).

(e) To set at liberty them that are bruised. The power of Christ can free the most utterly hopeless ones.

(f) To preach the acceptable year of the Lord. The primary allusion is the year of Jubilee (Lev. 25:8-10) in which all those in bondage were released.

(2) The special endowment of the Messiah (v. 18). The reason why the Spirit was upon Him was that He might fulfill specifically His Messianic work. It was not for the display of power. The endowment of the Holy Spirit is not for mere power's sake.

III. Jesus Expounding the Scriptures (vv. 20, 21).

1. He Closed the Book and Sat Down. It seems to have been the custom of the Jewish teachers to sit while teaching.

2. "This Day Is This Scripture Fulfilled". This statement is no doubt but a stair of what followed.

IV. Jesus' Reception by the People (vv. 22-30).

Their reception was characterized by—

1. Unbelief Prejudice (v. 22). "Is not this Joseph's son?" As if to say, "This is our fellow townsman with whom we have been acquainted for years. Surely, therefore, He cannot be the Messiah."

2. Unbelief as to His Supernatural Character (v. 23). They challenged Him to exhibit examples of divine power as He had done in other places.

3. Personal Jealousy (v. 24). Jealousy prevents us from seeing the essential worth of our own men in our midst. Foreigners are more appreciative. A prophet is not accepted at home, primarily because he is a prophet. Prophets were not in times of moral and spiritual declination and their messages were stern rebukes of sin. His hearers saw outstanding examples of the willingness of foreigners to believe God.

(1) Elijah was sent to a widow at Sarepta (vv. 25, 26). Many widows of Israel were passed by, the Gentiles, to the fact that they would not have received the prophet.

(2) Naaman, the foreigner, of many lepers was the only one cleansed.

4. Violent Hatred (vv. 28-30). This comparison of the Jews to foreigners so stunned their pride that they nearly drove Him out of their city, even tried to kill Him. He showed them that just as Elijah had brought blessing to one who lived in Sidon and Elisha to one in Syria, while the people of Israel went on suffering, even so the Gentile world receives the blessings of His saving power while they, the chosen nation, would suffer in unbelief.

Religion

Religion, in one sense, is a life of self-denial; in self-denial does not belong to religion as characteristic as it. it belongs to human life. The religion of Jesus always be denied when we are trying to rise to a higher sphere.—Henry Ward Beecher.

Truths

Truths once discovered shine by their own light and give real knowledge about a real world.—W. J. Mouton, D.D.

Bent Creek

Reading your last issue of our county paper I see so many interesting letters from the different locations I think I will try and send a few notes.

Crops are late through this section and should we have an early frost much damage will be done. The corn crop is short around here. You hear the question asked frequently—"If you have any corn to spare?" And the answer comes—"I wont make enough to do me."

Much public work is going on now but money is scarce and hard to collect.

The many friends of Mrs. Willis Harris will be glad to learn that she is improving and will soon be in old Appomattox again, after a sojourn in a Lynchburg hospital.

H. C. Perdieu took his little son Charles to Lynchburg Saturday to have his throat operated on. This was the third time he has been taken and each time the physicians pronounced the condition unfit for the operation. He is a bright little fellow and we hope he will come out O. K.

Rev. T. E. Goad, assisted by Rev. Burnett will commence a series of meetings at Maple Grove the 4th Sunday.

The patrons of the Bent Creek school have petitioned the school board to send Miss Weta Phelps back to this school. She has taught here two terms and the patrons want her again.

Miss Fannie Dixon returned home last Saturday after a pleasant visit of two weeks to relatives near Midway Mills.

This end of the county has not been aroused to the fact yet that we have to elect a President in November. If it was a road supervisor you would hear a whine and cry "what good would it do. We are too far from base; red mud and gullies will do for us.

FOREST VIEW

We are so thankful for the refreshing showers we are having.

Most of the farmers have finished cutting tobacco, and are cutting corn. It makes us think that King Winter is approaching.

The lawn party at Central Baptist church which was held recently was very well attended, they realized thirty odd dollars.

Physicians say that if an airplane were turned sharply at 500 miles an hour centrifugal force would throw the blood outward to the lower parts of the body, draining the brain and causing unconsciousness and death.
